1 From The Superintending Engineer, Mysore Circle, Mysore.

Letter No. 4062 Dated 18-10-1935.

Forwards for Countersignature and Return, an estimate amounting to Rs 700 for putting up a new plain ceiling cloth for the Jagan Mohan Palace Pavilion and requests that the estimate be returned Countersigned pointing out the source from which the cost has to be met under "12 General Accts."

The estimate is for fitting up of the Ceiling of the Jagan Mohan Palace Pavilion with new plain ceiling cloth and it is a point for orders whether this expenditure could be debited to the R.A. funds. The Grant under the head "R.A. Miscellaneous" is meagre and a large portion has already been spent up in connection with the last Dasara Session of the Assembly and a sum for effecting improvements to Maranallapa High School, etc., as indicated in the margin. Hence the balance (under this head) is barely sufficient to meet the further items of expenditure during the remaining part of the year. It does not seem to be possible therefore, to meet the above item of expenditure out of R.A. fund unless additional grant is sanctioned.

2 Submitted for orders.
